COMMUNITY INVOLVEMENT

Tallahassee/Leon County Cultural Resources Commission Board of Directors (1999-2001); Leon County Public School Mentor (1999-2001); Kids Voting Leon County Board of Directors (2000); Florida Public Relations Association (2000-2001).

Through my previous service as a member of the Board of Directors for the Tallahassee-Leon County Cultural Resources Commission (CRC), I developed a strong desire to serve my community through working on its citizen commissions. I was appointed to the CRC by the Tallahassee City Commission, and worked hard to help maintain the cultural grant program that was a constant target of the City Commission. Prior to serving on the CRC, I was a charter-member of the Kids Voting Leon County Board of Directors, where we worked to give school-age children the chance to vote, and tutored an elementary school student at a local school once a week. Recently, I served as a volunteer for the Teen Court Program by advising students on criminal procedure and trial advocacy. I have also contributed several hours to various groups by doing pro bono legal work. Through those activities I learned lots about our community and several valuable skills that would allow me to contribute to the citizen commission.

I also have extensive work experience for someone my age. I have learned invaluable lessons regarding various types of public policies, laws, managing people, and working in teams throughout my career. Recently, I spent a year working for a local law firm that practices in local government law and developed a general understanding of some of the legal issues facing local governments. This knowledge will be particularly usefully to a citizen committee.

Finally, I am most interested in serving on the Educational Facility Authority (EFA) and the Water Resources Commission (WRC). The EFA is of particular interest to me because of my current status as a student. I could bring a unique perspective to the authority and could help find unique ways to further its goal. The WRC is an area of law that I am interested in learning more about. It advises on issues affecting our community and as a former property owner in the County whose property would sometimes flood, I am interested helping with this important area of law and policy.
